all data are typical figures

Product Information

trucard 1 gloss recycled is a fully coated one side (C1S) board and has outstanding levels of whiteness and brightness combined with a smooth glossy coated surface.

trucard 1 gloss recycled contains a minimum of 50% Forest Stewardship Council (FSC) approved de-inked post consumer fibre and conforms to the FSC specification for the product group containing fibres from mixed sources including well-managed forests, controlled sources and recycled fibre. The carefully selected fibres are strong and durable ensuring the board has excellent stiffness and bulk.

trucard 1 gloss recycled offers the printer, converter, brand holder and end user a consistent and reliable board for card cover and premium packaging applications with exceptional environmental credentials

trucard 1 gloss recycled conforms to ISO 9706 requirements for permanence and as such is suitable for archival use or applications requiring "acid free".

trucard 1 gloss recycled has been tested for compliance with German BfRXXXVI recommendations and is certified as safe for use in direct contact with dry and non fatty food stuffs.

trucard 1 gloss recycled complies with packaging (essential requirements) regulation (Amendment) 2006 S11492; for heavy metal content.

trucard 1 gloss recycled complies with BS EN71-3 1995 which relates to safety of products used in the manufacture or packaging of toys.

Stiffness			
Grammage	Taber 15°	ISO 2493	Thickness
g/m ²	MD mNm	CD mNm	Micron
240	6.0	3.6	290
260	7.7	4.6	320
280	9.7	5.8	345
+/-5%		Tolerance	+/-5%

trucard 1 gloss recycled is suitable for recycling and composting.

trucard 1 gloss recycled is manufactured to precise and controlled specifications. Tullis Russell is registered under the BS EN ISO 9001 - 2000 quality assurance scheme and the BS EN ISO 14001 environmental standard.

Applications

trucard 1 gloss recycled is designed for the following applications:

Graphical Print

Greetings cards, Paperback book covers, Folders and Menus.

Packaging
